Joshua,

Oil Operators Inc. is requesting a 45 day extension in responding to the Investigative Order that we received a few weeks ago.

The regulatory consultant that handles such matters for OOI has been under an extreme work load due to current Storm Water filings

as well as many other regulatory filings, etc. that have become due around this time.

He has not been able to get the response completed.

I thank you in advance for your cooperation.

Regards,

Kevin Laney

Joshua,

You were contacted by Jim Stine our Operations Manager and he explained that we have misplaced the Investigative order that we received a few weeks back.

If you could please forward a copy of the order we will then send a request for an extension on the response.

Thanks You,

Kevin Laney
